

Tooth Cleaning Activtiy

Can you use a toothbrush to clean all the food from the tooth?

You will need:

- Tooth Template, printed
- A4 plastic sleeve
- a whiteboard marker
- food pictures, printed
- old toothbrush

Instructions

- 1 Slip the Tooth Template into the plastic sleeve.
- 2 Use the whiteboard marker to draw some pictures of food onto the tooth. Or use the pictures of food and lay them over the tooth.
- 3 Use your old toothbrush to brush away the food and clean the tooth.
- 4 Repeat!
